ENVIRONMENTAL POLICY

At Armed Forces Officers Club & Hotel (AFOCH), we recognize that our strategic goals and objectives could only be achieved by integrating environmentally sound and sustainable practices throughout our business. We recognize our role in the global tourism industry and strive for long-term sustainable management of our activities to create social and environmental benefits for the surrounding community, contributing to the overall sustainable development of the industry.

At Armed Forces Officers Club & Hotel, we are committed to the following:

- Ensuring that the environmental policy and objectives are established and maintained and are compatible with the context and strategic direction of the organization;
- Safeguarding the environment by reducing the environmental impact of our activities and by participating in environmental and conservation initiatives;
- Continuously monitoring, improving our environmental performance, setting sound environmental objectives, and assigning accountability and responsibility for targets as well as objectives;
- Investing in energy and water management systems to assist in the conservation of energy and natural resources;
- Continually seeking to reduce the negative impact and risk of our operations on the environment and decreasing our environmental footprint by saving energy and water;
- Controlling all significant risk/impact identified by adopting appropriate measures and communicating it to relevant personnel;
- Striving to minimize waste production and diverting waste from landfills through reduce, recycle, reuse, and composting or other responsible methods;
- Adopting a policy of green procurement, taking environmental factors into account in all purchasing and supplier contracts, using organic, eco-labelled, local and/or seasonal products, where possible;
- Educating and raising awareness on environmental and sustainability matters amongst our associates, guests and communities;
- Maintaining regular, transparent and effective communication with all guests, employees, vendors, contractors, suppliers and other interested parties, and encouraging our guests to participate in our environmental efforts;
- Creating a CSR policy with references to social, cultural, economic, quality, human rights, health, risk and crisis management issues;
- Complying with all applicable legislation and codes of practices set forth by the relevant authorities, clients, stakeholders as per international standards (ISO 14001:2015) and Green Key requirements;
- As a result of the COVID-19 outbreak, all guests, employees, vendors, contractors, suppliers and other interested parties are responsible for following Covid-19 guidelines stipulated by UAE authorities;
- Reviewing this policy yearly to ensure suitability and effectiveness in reference to our current and future planned activities.
